		EXPIRY:	
EVENT:			
NUMBER PEOPLE:		NO. VEHICLES PARKED:	
NUMBER ANIMALS:		TYPE:	
CAMPING DATES	FROM:		TO:
		NO. OF NIGHTS:	

Your application for Camping and associated facilities is approved subject to the following terms and conditions and the return of a **signed copy** of this form.

1. Camping is only permitted for members of the Showman's Guild and campers associated with an Event held at the Cairns Showgrounds. Proof of attendance for the showground event or member of Showman's Guild will be required.
2. Animals are to be kept on leads **AT ALL TIMES**. Any dogs not on leads will be removed from the grounds at the expense of the person named above. All animal waste must be collected and disposed of appropriately.
3. The Cairns Show Association accepts no responsibility for damaged or stolen property.
4. All hire fees must be paid prior to the commencement of the accommodation period.
5. For compliance all camping booking forms will be passed on to the Cairns Regional Council Regulatory Compliance Department – Attention Environment Officer/ Regulator.
6. Campers must not contaminate waterways, roadside gutters, or stormwater drainage as per the Environmental Protection Regulation 2019. Please refer to the attached Schedule 10 – Prescribed Water Contaminants. Laundry wastewater may be discharged to the ground provided the lines are appropriately covered with a filter sock that measures 50-100 microns. These socks must be securely attached to ensure no seepage. Feet socks and stockings are not appropriate methods.
7. The Cairns Show Association is operating and complying with all the QLD Chief Health Officer public health directions (if any), and campers agree to comply with all health regulations to assist in containing or responding to the spread of COVID-19 within the community.
8. All campers agree to leave their campsite in a clean and tidy manner.

Environmental Protection Regulation 2019 Schedule 10 Prescribed Water Contaminants

Current as at 1 September 2019

<p>a chemical, or chemical waste containing a chemical</p> <p><i>Examples—</i></p> <ul style="list-style-type: none"> • biocide, including herbicide, fungicide and pesticide • chemical that causes biochemical or chemical oxygen demand • per and poly-fluoroalkyl substances (PFAS) 	<p>building and construction materials, including bitumen, brick, cement, concrete and plaster</p> <p><i>Examples—</i></p> <ul style="list-style-type: none"> • cement washed to create exposed aggregate treatment • coloured powder used to create stencilled concrete features
a gas other than oxygen	industrial waste
a liquid containing suspended or dissolved solids	putrescible waste, including, for example, food scraps
a liquid that has a temperature different by more than 2°C from ambient water temperature	regulated waste mentioned in schedule 9
	clinical waste
animal matter, including dead animals, animal remains and animal excreta, and water used to clean animals, animal enclosures or vehicles used for transporting animals	waste water, including backwash from swimming pools, condensate from compressors, water from air-conditioning or cooling systems and waste water from grease traps
waste and waste water, generated from outdoor cleaning, including, for example, waste generated from high pressure water blasting of commercial or industrial premises, fuel dispensing areas, plant or equipment, roofs, streets, vehicles and wharves	sewage and sewage residues, whether treated or untreated, and any other matter containing faecal coliforms or faecal streptococci, including, for example, waste water pumped out from a septic tank
a substance that has a pH outside the range 6.5 to 8.5	vehicles and components of vehicles, including, for example, batteries and tyres
plant matter, including, for example, bark, lawn clippings, leaves, mulch, pruning waste, sawdust, shavings, woodchip and other waste from forest products	waste and waste water, generated from indoor cleaning, including, for example, waste from carpet or upholstery cleaning and steam cleaning
